

WILSON W. STEWART, L.L.S.
Vice President, Surveying, Land Surveyor

EXPERIENCE

02/12 – Present **Vice President Surveying**, White Mountain Survey & Engineering, Inc., Ossipee, NH
12/87 – 2/12 **Vice President Surveying**, White Mountain Survey Co, Inc., Ossipee, NH

Responsibilities have included: client negotiations, contract proposals and project estimating, expert witness testimony (Carroll and Coos County Superior Courts, and New Hampshire Board of Tax and Land Appeals), and maintaining a personal workload of surveys and land development projects, supervision of licensed survey staff and overall production of the survey department as well as monitoring the quality control of all professional products that are generated by this company that are of a boundary and engineering survey nature; including the final review of boundary survey plans, consultation with staff for the determination of boundary lines, and submissions to town and state agencies (February 2012 corporation name was changed).

Since 1993 duties have included that of systems administrator for office LAN. This has involved operating and phasing out a UNIX network, installing, and configuring, and managing a Windows based LAN, installing and properly configuring hardware components, software, and their upgrades. Additionally responsible for researching, implementing and maintaining GPS and data collection technologies.

10/86 – 12/87 **Vice President, Field Production**, White Mountain Co., Inc.
Ossipee, NH and Bedford, NH

In addition to the primary duties noted above, I was responsible for the direct supervision of the entire field staff. This involved training, scheduling, and performance evaluations for up to 15 personnel. Developed and implemented proper procedures for field reconnaissance, traversing, and data acquisition for boundary and engineering specific surveys.

1/83 – 10/86 **Party Chief**, White Mountain Survey Company/Co., Inc., Ossipee, NH
(February 1, 1985 White Mountain Survey Company became White Mountain Survey Co., Inc.).

1/81 – 12/82 **Rod Man, Instrument Man, Party Chief**, White Mountain Survey & Engineering,
West Ossipee, NH

Primary responsibilities were as a party chief with duties extending into the office until becoming licensed in the State of New Hampshire in April 1985. At this time responsibilities focused on the professional aspects of the boundary survey process including but not limited to: deed research, field note reduction, drafting, and final analysis of research and computations requisite to the determination of boundary lines.
